

JC Runyon
FOUNDATION

2017-18 Eligibility Requirements

- * All applicants must have completed at least one inpatient stay in an accredited psychiatric facility, substance abuse center, or similar behavioral health treatment center. Intensive outpatient treatment or partial programs are not sufficient for our purposes. We accept discharge papers (with admission and discharge dates) as well as a letter of acknowledgement from the facility. Your specific diagnosis and private information are not needed and your information is kept private. Any sensitive information that we receive is kept in a secure location and /or shredded.
 - * All applicants must have been accepted into an accredited college, university or trade school. A copy of your acceptance letter/email is sufficient. Only UNDERGRADUATE students will be considered.
-

There are no age restrictions, or specific time frame between high school graduation and college. If you are already enrolled in college or have some hours already due to AP courses, please indicate this on the application.

That's it. Once we receive your completed application, we will contact you via email. Please check your email often, especially right after the due date passes (May 5th, 2017 by 5:00 pm). This is our preferred form of communication, you don't want to miss out on an interview if you're selected as a finalist!

If you have any other questions, please look at the FAQ page on our website, or email me at nshaheen@jcrunyonfoundation.org

Good Luck!
